

TRIP REPORT ZICHRON MENACHEM JERUSALEM

Dedication, Beauty Salon HOD International

Tuesday May 29th, 2018

In attendance: WB's Anton Teper(UK), Michael Margolis (UK), Eli Seliger(UK) and Mario Oves (USA), Brother Mario Karpuj (Newest Brother USA), WB Dr. Mori Bank (Israel) and several Israeli Jerusalem Lodge Brethren.

It was our great pleasure to be in Israel in the ceremony to inaugurate the **HOD Beauty Salon** at the Zichron Menachem headquarters on Tuesday May 29th, 2018 in Jerusalem.

WB Anton (The biggest supporter of this endeavor!), WB Michael and WB Mario where able to show a check for **USD\$ 32,740.00** which reflects the funding raised by USA and UK for this very worthwhile project.

WB Michael delivered a very heart felt speech in English and Hebrew to the crowd of more than 60 volunteers, parents and children that gathered to celebrate such a moment of giving and receiving and of joy and tears among the present.

As WB Michael said "The real stars are the children and the young adults who, despite their illness and in sometimes very tough circumstances, have the strength and determination to get better. All under the guidance and direction of Miri and Chaim. You inspire us, the members of the HOD, to reach to our members and the community to support this worthy cause"

We were welcomed by the leadership of Zichron Menachem, Miri And Chaim as well as the Oncologist Prof. Reuven Or, WB Eli Seliger is the important piece that glued this project between HOD and Zichron. What an important and irreplaceable piece. Yasher Koach WB Eli.

We were privileged to have Eli show us the four-story building where things happen, from the Massage studio for the parents to the Music Room for the children, from the Medical storage facility where they can take the medicines with the kids to trips to the outside recreation center! What a treat to be there!
